To whom it may concern:

Select Custom Apparatus Incorporated is a business located and incorporated in North Carolina. We have been in business since 1988 as an ambulance/emergency vehicle sales company. We are a franchised company that covers North and South Carolina as well as Virginia. We are requesting to be registered with NHTSA as a final stage ambulance manufacturer.

At our North Carolina facility we remount ambulance bodies from old chassis-cabs to new chassis-cabs using a set of specifications from each customer. We are a manufacturer that completes trucks in the final stage by installing ambulance bodies and related accessories on chassis-cabs with GVWRs from 8,500 lbs. to more than 33,000 lbs.

Should you have any questions regarding our company, please call one of the following:

Jeffrey Crawford – Shop Supervisor
Charles Harris – Shop/Service Manager

Thank you,

Robert M. Daugherty
Operations Manager
